

7/7: WHO REALLY BOMBED LONDON?

BIRMINGHAM 6: INNOCENT! (17 years before the truth emerged)

GUILDFORD 4: INNOCENT! (15 years before the truth emerged)

TIPTON 3: INNOCENT! (2 years in Guantanamo for 3 innocents)

LEEDS 4: HOW LONG? NOT LONG....

At 10.20 on July 7th- Day 2 of the G8 and *just after* the London 2012 Olympic triumph - the Metropolitan Police reported they were responding to incidents at six locations on the underground and one on a bus. Initial reports from TFL and survivors were of power surges, train derailments and collisions but, after the bus explosion, the story changed dramatically and the G8 agenda turned from war on global poverty to a war OF terror via unattributable leaks and other disinformation (e.g. Type of explosives, Al Q 'masterminds'):

'Shortly after the bomb exploded on the bus we knew we were dealing with crime scenes.' - Tim O'Toole, LU (i.e. *One hour* to learn it was bombs underground?)

'There was smoke and dust everywhere. I was confused and just wondered what had happened. I didn't hear a bang or a boom.' - Jeff Porter, train driver of 18 years whose Circle Line train was involved in the incidents on July 7th.

'A series of explosions.... as if tube electric motor after motor was exploding.' - July 7th survivor and Blogger Justin at <http://pfff.co.uk/>

'The policeman said 'mind that hole, that's where the bomb was'. The metal was pushed upwards as if the bomb was underneath the train. They seem to think the bomb was left in a bag, but I don't remember anybody being where the bomb was, or any bag.' - Bruce Lait, Aldgate Survivor [Reported in: Cambridge News]

July 7th Anomalies, Coincidences & Unanswered Questions

- By midday on July 7th Blair was pointing the finger at 'these people who oppose our way of life'. Since then a racist 'trial by media' has taken place on the basis of no evidence. Instead of a powerful judicial Inquiry we are offered a 'narrative' written by a civil servant. Why? Who benefits? Bush and Blair lied about Iraq and fixed 'intelligence' reports around the invasion plan. After Kelly/Hutton, should we accept just a 'narrative'?
- Peter Power, ex-Scotland Yard Anti-Terrorist operative, was running a 1,000 man terror drill rehearsing bombs going off in precisely the stations they did that morning and told the BBC: "...at half past nine this morning we were actually running an exercise for a company of over a thousand people in London based on simultaneous bombs going off precisely at the railway stations where it happened this morning, so I still have the hairs on the back of my neck standing upright!" (Similar unbelievable 'co-incidences' happened on 9/11 involving air defence and emergency 'exercises')
- **BOMBERS COULD NOT HAVE CAUGHT THE 7.40am TRAIN FROM LUTON** - The Met claimed the alleged bombers caught the 7.40 Thameslink train from Luton to Kings Cross but this train was CANCELLED. BBC2's Horizon reported that they caught the 7.48 train. This train arrived in London at 8.43, some 17 minutes AFTER the police say they have CCTV of the men at King's Cross. If the alleged bombers caught an earlier train from Luton then SHOW US THE EVIDENCE and explain the inconsistencies.
- **NO CCTV FOOTAGE SHOWN OF THE FOUR ALLEGED BOMBERS IN LONDON!** Why? Since when did one poor-quality photograph in which three of the faces cannot be identified, said to be taken 30 miles away at Luton, count as conclusive evidence?
- What happened to the seven explosions originally reported and the timings of 8.51, 8.56 & 9.17? Many survivors reported electrocution, sparks and explosions OUTSIDE trains. **Which came first, explosions or power surges? Why don't the police admit there were TWO trains with fatalities on the Piccadilly line (trains 331 & 311)?**
- Many anomalies surround the Number 30 bus, the only one reported to be diverted that morning, which was iconically (and strangely) de-roofed outside the BMA. Later, Ian Johnston, Chief Constable of the BTP wrote to the BMA stating, "Three of my officers

were travelling behind the bus when the bomb exploded." Despite this, after helping the injured off his bus, the driver disappeared only to re-appear seven miles away in Acton. And, fearing more explosions, police reported a 'microwave box' on the lower-deck [CNJ].

- Very strong SIS infiltration of Muslim communities, including Beeston/Leeds. When interviewed by the BBC about the Sidiq Khan video, his friends said that the character in the video was not him! (Digital video editing & CGI techniques are incredibly advanced.)
- **War OF Terror:** 'Islamofascism' is the mask behind which the *real* globalist-fascists, scheming for their New World Order, have repeatedly hidden. Madrid came 911 days after 9/11 - even *The Times* reported that the explosives man was a top police informer. And funny how the CCTV cameras at the station didn't work, just like the 911 airports and the 30 bus. New York, Madrid, Bali, Jordan and now London. Who and where next?
- **How States work:** Inside job frame-ups are routine operations when ruling fraternities want another war or more police-state powers. Intelligence services like the SS, CIA, Mossad and MI6 have been internationally recognised for *encouraging* or *directly engineering* terrorist atrocities (Reichstag Fire, Bologna station, Berlin disco bombing, Lockerbie, and now Samarra mosque). These 'black ops' are also known as 'false flag terrorism' because they throw the blame onto innocents *allegedly* linked to the enemy of today - the Left, Irish, Blacks, Muslims. See also Webster Tarpley, '*Synthetic Terrorism - Made in USA*' and D. Ganser, '*Nato's Secret Armies*' (fine academic text, Cass, 2005).
- In 2003-2005 several 'War on Terror' companies, including some based in Tavistock Square, landed tube engineering and security contracts [now the Bush-run Carlyle Group will be looking after our airports!]. TFL head Bob Kiley was once assistant to the director of the CIA. Israeli Prime Minister Netanyahu was in London for a TASE/Deutsche Bank conference at the Great Eastern hotel (just by Liverpool St) where ex-Mayor Giuliani, of NY-9/11 infamy, was staying. Germany's leading Sunday paper reported head of Mossad confirming that Netanyahu received advance bomb warnings.

What next in the quest for July 7th Truth?

Each one of us deserves to know the full truth about who/what brought about the biggest loss of life in London since the Luftwaffe. Yet the authorities refuse to release a connected set of CCTV footage showing the alleged bombers in London on July 7th. Nor will they allow independent experts to check out phone, credit and computer records, or the tube, bus, Luton or Leeds forensics. In refusing an 'expensive' Judicial Inquiry the State has shown how cheap it holds the lives of Londoners.

Meanwhile we are left with no option but to conduct our own **Independent People's Inquiry to find out WHAT happened on July 7th. Only then can we work out WHY it happened and how to stop it from happening again.** If you have any doubts at all about the official version of events please write to your MP, the Home Office, to local and national newspapers and raise the questions that you feel need answering. We hope you may also wish to join the growing band of us who are researching collaboratively. Investigate with an open mind and remember that conspiracy theories are quite often conspiracy FACTS. For more information on 9/11 & 7/7 parallels and connections, see:

The State has repeatedly proved itself to be the greatest criminal, breaking every written and natural law; killing through illegal wars and stealing from the poorest in the form of regressive taxes, increased fares, fines and living costs. Let us not forget the tragic fate of Brazilian electrician, Jean Charles de Menezes, executed at Stockwell station. Those who ask questions seek only the truth behind what happened in July. We are supposed to live in a democracy so let us hold politicians and public servants to account. Only the truth will stand the most rigorous of questioning and only liars need fear questions being asked.

**In the name of Peace, Love, Truth & Justice,
RELEASE THE EVIDENCE!**
